

We Can Make a Difference!

Bradford County's Hope for Haiti!

Bradford County Regional Arts Council (BCRAC) has agreed to join the one-day fundraising event in the Valley (Athens, Sayre and Waverly communities) of the Valley for the people of Haiti. On Wednesday, January 27th, we, the local businesses, schools, hospital, churches and civic organizations will be working together as "One" to help our fellow neighbors in their time of greatest need. Many businesses are giving a percentage of their daily receipts, placing donation canisters and asking for donations. The Guthrie Clinic in Sayre is doing a Fund Drive, the Sayre Theatre is collecting donations and running prayer services throughout the day. Athens, Sayre and Waverly Schools have agreed to participate with fund raising drives in their respective schools. Local churches are having special collections. Monies collected throughout the day will be sent to the Red Cross and the Salvation Army working in Haiti on this day.

Our goal for "Bradford County's Hope for Haiti" is to help our fellow brothers and sisters in their greatest need. We can make a difference!

Please consider making a commitment in assisting us with the event.

Respectfully,

BCRAC's staff and the "Hope for Haiti" participants

Elaine A. Poost
