Twenty films were entered in this year's competition and 13 of these films were selected to receive awards. Audience members will also be participating in the event as their vote will determine the winner of the "Audience's Choice Award." The winning film will receive one third of the ticket income from the award ceremony and screening.

Films were judged in three areas: Originality, Creativity, and Technical Quality. The festival judges included: Billy Shaw, singer, New York City – originally from Towanda; Joe Newbury, Actor, Towanda, PA; and Scott Martin, Photographer/Guide, Capetown, South Africa.

The Endless Mountains Film Festival was made possible by the support from the Bradford County Regional Arts Council, Box of Light Theatre, Dietrich Theatre of Tunkhannock, Keystone Theatre, Entertainment Equipment Inc., Pennsylvania Council on the Arts and many individuals who helped, advised and supported the individual filmmakers.
